VISIT INFORMATION

Police Officer's Name

Regie Savge

Police Officer's Badge Number

14294

Case Number

N/A

I did let the Officer know for the Police Report
to added to NCIC Database

Additional Comments

I completed my initial visit, but it took some time to get assistance due to the lobby allowing only one customer at a time. I spoke with Mr. M Bradley, the employee on duty, and he informed me that the office is only open half-days on Friday. Mr. Bradley suggested returning on Monday or using the option to call their support numbers. They offer a service where they can come to meet you to file the report at your home office or any location you prefer. Here are the numbers that can be contacted.

Mesa PD

I went and visited the PD station today at 2PM, on the 20th of November 2023. His badge number is 14294. I was told that the initial report should have been made back in May by a supervisor or a higher level. Because of the time gap between the incident until now, the officer advised that the manager or a higher level make the initial report and have them request to place it in NCIC database. Then, they should only appoint a representative for a follow-up on the status of the report. He also mentioned that I go back to the store and make a report with the manager who was involved, but I was told by Kristin from nationals that they do not want to get involved. There is no case number available as there was no case filed.
